DISCOVER SCUBA EXPERIENCE

Experience A New World...

Have you ever wondered what it was like to scuba dive, but you are not sure if you are ready to take the plunge? Underwater Dive Center's Discover Scuba Experience will allow you to breath underwater and see if you really like it.

You will learn how to use scuba equipment in a shallow water pool environment and get a quick introduction to what it takes to explore the underwater world.

What You Learn...

There is nothing like breathing underwater for the first time. During the Discover Scuba Experience, you will learn the basics to scuba dive in a pool environment under the direct supervision of an Instructor. You will not only learn how to breathe underwater, but you will also see what wearing scuba equipment feels like and how easy it is to move around underwater. We start the learning process by taking small baby steps. We will go over some of the scuba safety rules and a few skills to help you feel comfortable in the water.

What You Need...

All of the equipment is provided for you in the Discover Scuba Experience, so all you will need to bring is a swim suit and a towel. If you already own your mask, snorkel and/or fins, you are more than welcome to bring those with you.

There is some paperwork and a medical form that must be filled out prior to going in the pool. Some participants may need a doctor's authorization prior to attending. Our staff will gladly go over this with you.

The only age restriction is that you have to be 11 years or older.

How Do I Sign Up...

To sign up for A Discover Scuba Experience, see which date fits your schedule the best. Then either give us a call or visit our web page and fill out the on-line form.

The registration fee of \$39. is fully refunded if you sign up for our Open Water Diver Course. Registration is required one week prior to the start date. The paperwork can be completed at the time you sign up and you will need to stop by the store to fill it out.
